“ I worked with Triple D at DC 6061 Walmart for the 17 years I was there. He always made me laugh and gave me quite the scare when he dropped that forklift on his hand! He was as tough as they come and had the best attitude toward life in general. He will be so missed by all who had the honor to call him “friend”. Much love and hugs to his family and close friends during this sad time. But one thing I know.. he loved life, family and friends are what made his world go round. RIP my friend.

“ Triple D, as I knew him, was a very sweet and fun individual. He was a joy to be around and always had a positive demeanor about himself. Always smiling and joking around. We met at Walmart DC some years ago, and he always remained the same even though our encounters were only at work. He will truly be missed and his family has my deepest, heartfelt condolences.

“ I'm going to miss my friend, he was a special person in my life. Worked at Walmart for twenty plus years. Everyday he would enter my office and we discussed everything from family, work, and managers. We kept up with one another till the end. Didn't matter what it was I always had nothing but encouraging words on the end. He fought a good fight now it's time to take his rest.

“ Triple D was 1 of the kindest coworkers I've had the pleasure of working with. He taught me quite a bit about the job, even though he had no obligation to. Where other people would run and hide, I'd noticed he'd always step up to the plate instead. A rare type of person these days.
